

## **Energy Market Analyst**

Join our fast-growing team at Agilitas Energy, the largest integrated developer and operator of distributed solar and energy storage systems in the Northeast.

We are looking for an energetic and results-driven individual with 2-3 years of energy market analytics experience to be our Energy Market Analyst, reporting to the VP of Asset Management.

The Analyst will be a key member of the asset management team, mainly responsible for providing daily power demand analysis and forecast to facilitate energy trading, as well as data analytics support to the operations group. The Analyst will also have opportunity to work with the development team and the senior management on potential solar and energy storage development or acquisition opportunities.

### **Duties and Responsibilities:**

- Calculate and submit offers into the ISO-New England and New York ISO markets on a daily basis
- Perform daily peak demand forecasting in the focus markets
- Provide analytic support to the Asset Management team
- Prepare and analyze periodic forecasts and asset economic reports
- Perform ad hoc market data analysis as assigned
- Occasional travel in the Northeast is expected

### **Qualifications:**

- Bachelor's Degree in math, science, engineering, finance, economics, or related field
- 2-3 years of job-related experience with matters pertaining to ISO-NE or the New York ISO
- Proficiency in data manipulation and visualization to present insights at different granularity
- Advanced knowledge of SQL and Microsoft Office products, specifically Excel required
- Programming and data visualization experience in Python, R, Power BI, Tableau, etc. a plus
- Flexibility in terms of travel and work schedule
- Ability to work efficiently within time constraints
- Team-oriented with strong interpersonal, organizational, and communication skills

### **Position Compensation:**

Agilitas employee benefits include (but are not limited to):

- Competitive salary and bonus potential
- Comprehensive health, vision and dental insurance.

- Health Savings and Flex Spending Account eligibility
- 401k plan eligibility
- Employee Assistance Program
- Access to Group Life and Personal Accident Insurance
- Access to Short & Long-Term Disability Insurance

Please email your resume and cover letter to: [recruit@agilitasenergy.com](mailto:recruit@agilitasenergy.com)

**About Agilitas Energy:**

Agilitas Energy is the largest integrated developer and operator of distributed solar and energy storage systems in the Northeast. The Company is expert in the full cycle of development, construction, and distribution of utility-scale energy projects. The Agilitas Energy team has developed and/or built over 450 MW of solar PV systems collectively since 2014 and is actively developing multiple solar PV and energy storage projects in the Northeast. Agilitas Energy invests in energy projects at various stages, from inception to full entitlement to commercial operation.
