

Acquisitions Manager

Advance your career at Agilitas Energy, the leading renewables and energy storage company with a mission to accelerate the transition to clean energy.

The Acquisitions Manager is a key member of the development team and will work to grow the Agilitas Energy pipeline of energy storage and generation projects. The Acquisitions Manager will source and analyze acquisition opportunities, help structure deals with counterparties, and present acquisition investment opportunities to the Agilitas Energy investment committee. Given a favorable investment committee decision, the Acquisitions Manager will manage the due diligence and closing process for each acquisition. This is an externally facing position that will require excellent communication skills and the ability to work with many different stakeholders.

Scope of Responsibilities (including without limitation):

- Originate and analyze acquisition opportunities in energy storage and generation
- Structure deals with counterparties that meet internal investment requirements
- Present acquisition opportunities to the company investment committee
- Manage due diligence and the acquisition process
- Develop investment analytics for the company, identifying fundamentals and drivers for new and existing markets
- Work with the development, engineering, and asset management teams to optimize design, operating strategy, and economics for acquisition opportunities

Candidate Requirements:

- Minimum bachelor's degree, Business or Finance preferred
- 5 years of experience in energy development, finance, and/or acquisitions
- Proven track record of financial and techno-economic modeling
- Excellent time and workload management skills
- Strong communication skills with ability to deliver creative solutions to all stakeholders
- Self-driven, highly motivated, and able to work with minimal supervision
- Ability to multi-task and manage numerous projects simultaneously
- High degree of attention to detail and follow-through
- Strong work ethic

- In-depth knowledge of ISO and/or state-level markets for generation and storage are a plus

Position Compensation:

Agilitas employee benefits include without limitation:

- Competitive Salary and Incentive Compensation
- Comprehensive health, vision, and dental insurance.
- Health Savings and Flex Spending Account eligibility
- 401k Plan
- Employee Assistance Program
- Access to Group Life and Personal Accident Insurance
- Access to Short and Long-Term Disability Insurance

Please send resume and cover letter to: recruit@agilitasenergy.com

About Agilitas Energy:

Agilitas Energy is a leading renewables and energy storage company with a mission to accelerate the transition to clean energy. As the largest integrated developer, builder, owner and operator of distributed energy storage and solar PV systems in the northeastern U.S., Agilitas Energy manages the entire end-to-end lifecycle of the projects that deliver predictable, low-cost, clean energy for off-takers, utilities and municipalities. The company has a U.S. pipeline of more than 500 MW of solar PV and energy storage projects.
